Due to COVID restrictions students could not travel nor avail of most extra-curricular activities and trips in the 2020/2021 academic year. The school has made a proposal to the Board of Management, that parents should be refunded/credited in respect of payment made for those activities, even though considerable costs have been made by the school in respect of virtual speakers/online activities. The Board have ratified that refund/credit and the school will implement it in the following manner:

For current Transition Year students where full payment has been received in respect of student direct costs for the 2020/2021 academic year, the amount indicated in the table above will be credited off the student costs due for the next academic year 2021/2022. Parents/Guardians do not need to apply for this, it will automatically be completed and reflected in the way2pay system.
